

Grade 1 Science Project Term 1 2019

Dear Parents and Students,

This term, as we begin our Science journey, the students are required to produce a simple project. This project will contribute to their Science course mark. Please see the guidelines below.

- Firstly choose one local scientist from Trinidad and Tobago not one already done in class.
- Provide the name and picture of the scientist chosen.
- Provide name of Birth Place and Date of Birth
- Provide picture/s of their contributions or invention/s.
- In two to three sentences write the importance of their contribution to society.
- The project must be presented on an **8 ½ x 11 (letter sized)** sheet of construction paper or Bristol board. Please allow all information and pictures to fit on **ONE SIDE** only of the board.
- Pictures can be **printed** or, in absence of a printer, they can be **drawn and coloured nicely**.
- All words must be **handwritten by the student**. Marks will be deducted if words are typed.
- Write your name and class on the back of the project.

Project is due:

The Project will be marked as follows

Science Rubric

Pictures and labels/sentences	14 marks
Following all instructions	1 marks
Presentation on Scientist	5 marks
Total	20 marks

Please note that marks will be deducted for late entries.

If you have any questions, please feel free to send an email and also you will be able to find a soft copy of this letter on our websites.

Warm regards,
Science Teachers of Grade 1
